Are you prepared  
if your pet has a  
medical emergency?

Invest now for the  
well being of your pet  
and help homeless  
animals.

All proceeds from the sale of the first aid kits  
benefit the animals cared for at  
Longmont Humane Society.

If your pet were to have a medical emergency would you know what to do and have the supplies to do it?

Pets can get into all sorts of trouble without even trying; when they are playing or just being curious. This can happen in the house, in the yard, at the dog park, almost anywhere.

The LHS Pet First Aid kits are equipped not only with the medical supplies you will need but also with a set of helpful tip cards to tell you how to minimize the trauma until you can get your pet to your veterinarian.

If your dogs are your hiking and camping companions why not be as ready for an accident for them as you are for yourself.

A minor splinter, split toenail or a tick can ruin the trip for both you and your pet. The Travel Kit is fully equip to handle minor emergencies up to a major medical problem such as deep cut or burn giving you time to get your pet to an emergency veterinarian hospital.

These kits make great gifts for all your pet-loving friends and family members. Keep one in every car and at home; also great for travel trailers, horse trailers and out at the barn.

Kits come in three convenient sizes.

• **Travel Kit**

85 pieces, 7 lbs. Comes in a red or black nylon travel case with hardliner and ID tag for personalization.

• **Home Kit**

65 pieces. Comes in waterproof plastic container.

• **Cat Kit**

30 pieces. Comes in waterproof plastic container.

These unique and comprehensive kits are individually hand-packed at Longmont Humane Society to ensure their quality and all proceeds benefit the animals cared for at the shelter.
